

# Scouts in Action Month 2014

## Cub Scout Programs and Activities

### **Stick together against Bullying**

Get each Cub Scout to bring along a cardboard carton to Cub night. Each individual paints a carton and write anti-bullying slogans on them.

Glue them all together to create a huge tower.

This could be shared as another activity with another scout section e.g have the Venturer Scouts discuss why the younger Cub scouts have used certain words and not others and how they seeing bullying at different ages.
