

# Scouts in Action Month 2014

## Cub Scout Programs and Activities

### **Anti-Bullying Poster**

Equipment: Pens, pencils, magazines, newspapers, scissors, glue

Method:

Have each six work on an anti-bullying poster that can be displayed in your den. This will require some large sheets of paper, Pencils, paints and pens.

Before you begin have a talk about what being a friend means to everyone in the pack. How does it feel not to be included and what words could be used to give everyone a positive message.

Have each six talk about what ideas they came up with after 20 minutes. Then at the end of the activity put the posters onto the cub board for all to see.
