

Make An Ice Treat For Your Dog

Last updated: January 24, 2013

Making ice treats for your dog is easy and makes for a fun and healthy snack for your dog. This treat is also a great tool for [entertaining your dog](#). Your parents can help you make this treat for your doggy.

1. Place various dog treats in an ice-cream container.
2. Fill with water. You may even like to add a little gravy powder for additional flavour.
3. Freeze.
4. Once frozen tip the ice treat out of the container for your dog to enjoy.
