

Crew Code

A Crew Code is a way of expressing how members of our Crew are going to act, what acceptable behaviour is, and how the Crew will operate. Every section should have a Code developed annually by its members. A Crew Code is about:

- ***How we treat each other***
- ***Respecting our environment***
- ***Looking after possessions and property – both ours and everyone else's***

In many ways, it's *how* we live by the Scout Law!

How to Develop Your Code

Plan:

- Read through this whole document, make sure you understand all of it.
- Decide how you're going to break up the task and make sure the people involved in facilitating (eg the Crew Executive) know what they're doing.

Do:

- Small groups within your Crew (or the whole Crew if it's smaller) meet and discuss the Crew Code. They should cover the key areas that are important to them and draft ideas for inclusion in the whole Crew's Code. You can tailor this step to suit your own Crew, but make sure that everyone has the opportunity to provide input.
- A foundation for the discussion could be based around the Scout Promise and Law. The following words might also assist:

- It may help to think about grouping your thoughts into **'What We Do'** and **'What We Don't Do'**, but remember that it is up to you how you present your Crew Code. Would pictures help? Does your constitution already have a helpful basis you could start from? There are no right or wrong ways to do this!

Review:

- The Crew Executive then comes together to collate all of the teams' feedback. Don't forget, it's hard to follow a document that is too long or hard to remember! Make sure that your Crew Code covers the key areas –
 - **respecting each other,**
 - **building resilience against bullying and harassment,**
 - **the environment,** and
 - **possessions/property.**
- Present the document back to the whole Crew and make sure everyone is happy with what is included and there is a shared understanding of what it means.
- Have everyone, including the Rover Advisers, sign the Code to say that they will live by it.
- Display your Crew Code up in your hall or den for everyone to see!
- Make sure that when new people (don't forget the Leaders!) join your Crew that someone explains your Crew Code to them.
- Review your Crew Code annually to keep it up to date.

Stuck?

Check out these resources to start you off, but remember to make your Scout Code your own!
